TIME XVIII

ALBANY, ALAMEDA COUNTY, CALIFORNIA FRIDAY, APRIL 24, 1953

NUMBER 31

The News in Brief

WAKE UP!—You have a date with the clock next Sunday morning — that's April 26. Be sure you turn your clock ahead so that you will "keep time" with the rest of the world. Simplest procedure, of course, is to twirl the clock before you go to bed. You'll lose an hour of sleep but get it back next September when it returns to standard time.

SHOOTING DUEL. Members of the Albany Police Unit have challenged the Albany Police Department to a competitive shooting match at any range, 10 a.m. Sunday, at the Officer Kenneth Nickerson range master. Representing the Albany Police will be Elmer Colvin, Alvin Leigh, Wilfred Senier, Conkey and James Gull. Shooting for the police department will be Ralph Jensen, Robert, Glenn Thompson, Edward and Robert Singer. The match is located on the west side of Albany Hill and is reached from the Shore Highway.

ANNIVERSARY.—The staff of the Albany Fire Department celebrated the 25th anniversary of the city's first fire chief, Fred Pinental, for completion of 25 years of service with the Albany Fire Department. The chief, who served from February 1, 1928, was promoted to captain in 1930, and re-elected chief's appointment in 1944.

EXHIBIT.—An art exhibit held Saturday from 10 a. m. to 4 p. m. at the Albany Library, 1000 Ave. in celebration of the Albany Art Society.

PLAYING ENDS SAT. Barbara Stanwyck, Ralph Meeker, and other stars in "The Lady in the Lake" playing at the Albany Theatre.

BARBARA STANWYCK and **RALPH MEEKER** in "The Lady in the Lake" playing at the Albany Theatre.

ANDROCLAS and **THE LION** playing at the Albany Theatre.

"ALBANY POLICE-FIRE DANCE, APRIL 24" is being printed in 20-foot letters on the face of Albany Hill advertising the seventh annual event to be held at 8 o'clock tonight at the Veterans Memorial Building. Above, left to right, Firemen Ray Gonzales, Bob Law, John Hoeth and Raul Miranda, chairman, are completing project with lime, hoes and plenty of perspiration. Proceeds will benefit the widows' and orphans' fund.

Adult Education Center Slates Gala Open House

A gala Open House is being planned by the Albany Adult Education Center from 7 to 10 p.m. Monday as part of the observance of Public Schools Week. Principal Robert G. Dennis announced today.

A three-hour program to which the public is invited without charge, will feature a fashion show, together with exhibits and classroom demonstration work from the various classes. In addition, the program will include the observance of adult students in their classroom assignments in several classes.

Dennis stated, "Round the Seasons" garments to be displayed during the Fashion Show, scheduled from 8:30 to 9:30 in the high school auditorium will represent skillful coordination of millinery and dress-making as well as what knitted garments can do for the family wardrobe.

The auditorium will also be the center of other activities throughout the open house program. While photography classes are busy taking pictures of the many exhibits, actual classroom demonstration work will be in progress on a large part of the floor area.

Outstanding exhibits in upholstery and furniture making and refinishing will be combined with the exhibits of the hooked and braided rug classes and with those of the home crafts, in Rooms 105 and 108 of the high school building.

In other parts of the building, regular classes which the public is invited to visit will be conducted. The swimming pool, with actual adult classes being conducted, will be open from 7:15 to 9:15.

Albany Readies Public School Week Observance

School bells ring out a cordial welcome to Albany citizens as they attend their local schools during Public Schools Week, April 27 to May 1.

During this week each Albany school will hold open house and the program is so arranged that parents who have children in more than one school may attend all open house programs without conflict.

Albany schools will be open to the public in the evening as follows:

Monday at 7:30 p.m. Vista primary School will be open with a display of individual classroom work done by pupils.

On Tuesday evening at 7:30 p.m. MacGregor School will hold its open house and have a program similar to that of Vista School. This same evening at the Albany High School Pool, over 150 elementary school pupils will demonstrate the initial, intermediate and advanced steps in learning to swim.

On Wednesday at 7:30 p.m. the high school faculty will welcome parents to their open house.

The final open house program will be held on Thursday evening at the three large elementary schools, Cornell, Codornices and Marin. Programs will start at 7:30 p.m.

Another Solution

EBMUD Seeks Hill For Giant Reservoir

New Plans Submitted For Study

Albany Hill today is being eyed by the East Bay Municipal Utility District as the proposed site for a 77 million gallon water supply reservoir and scenic parking plaza.

Described as "an all time solution to the Albany Hill problem," plans for the mammoth project were submitted as a written request to the Albany City Council Monday night and revealed to local residents Tuesday in a printed pamphlet mailed by the utility district.

John W. McFarland, general manager of EBMUD, explained in a letter to the Council that "it is our opinion that this project provides not only an essential service to the community, but also has the additional merit of solving permanently the ever recurring problem of Albany Hill."

"This project has been under study for the East Bay Municipal Utility District for quite some time, and normally would have been presented to your Council for approval at a somewhat later date when details were more complete," McFarland said. "However, the recent proposal of others of an alternate project that would take away the bulk of the natural hill has led us to the conclusion that, in all fairness to your Council and to the people of the community, an immediate submission of our project is appropriate at this time."

McFarland stated that the proposed reservoir will be created by first leveling the main section of Albany Hill at an elevation of 227 feet above mean sea level. This is a cut of 111 feet below the highest point of the hill. Below this elevation, a basin will be excavated, with sloping sides, to a depth of 30 feet, about 1200 long

Requiem Said for Teresa Jean Zerga

Funeral services were conducted Thursday morning for Teresa Jean Zerga, 11-year-old daughter of Mr. and Mrs. Albert Zerga of 972 Peralta Ave., who died Monday in an Oakland hospital after a brief illness.

A native of Oakland, she was a student at the School of the Madeleine in Berkeley. Her father is former assistant manager of the Solano Ave. branch Bank of America. Survivors, in addition to her parents, include a sister, Dorothy Ann; a brother, Albert Jr., and she was the granddaughter of Eugenia Sturdivant of Albany and Teresa Zerga of San Francisco.

Services were conducted from the Ellis-Olsen Mortuary, followed by a requiem mass at St. Ambrose Church. Committal was at St. Joseph's Mausoleum.

Fireman Freddy Says

Congratulations to Fire Chief Fred Pinental for 25 years of faithful service with the Albany Fire Department.

and 450 feet wide, with a capacity of 77 million gallons.

In order to reserve the scenic beauty of the hill, he explained the utility district would immediately landscape the area surrounding the reservoir, and provide a public observation and parking area adjacent to the north end of the large lake-like water storage basin.

EBMUD's plan was submitted just two months after a similar plan was announced by Realtor C. H. Eichelston, who proposed to slice away the upper portion of the hill and develop the land into a 300-home subdivision.

The Council referred the request to the Planning Commission for consideration at the May 4 meeting.

Lewis Howell Succeeds Blank As Albany Mayor

Lewis M. Howell today is the new Albany Mayor.

He was named to succeed Jerome Blank by a 3-0 vote of the City Council Monday night with Councilwoman Mrs. Kathie Zahn abstaining. Howell first entered the Albany political scene a year ago when he was defeated in the Councilman race. He was appointed to the Council a month later to fill the vacancy created through the resignation of John C. Longaker.

"The new mayor is manager of a Berkeley super market and has resided in Albany for the past 16 years. He is the brother of Edwin S. Howell, Alameda County administrator and former Albany recreation director.

Active in local affairs, Howell is a member of Albany Eagles, Retail Food Clerks Local 890, AFL, and is serving on the Albany Chamber of Commerce board of directors. He and his wife make their home at 1679 Peralta Ave., with two sons and three daughters.

In other action, Police Chief Stanley C. Williams notified the Council by letter that as of May 1 Inspector Vernon Freeman will be promoted to the rank of sergeant. The letter contained no explanation.

On motion of Councilman Donahue, the Council took action to direct the chief to present the Council with a letter of explanation by next Monday night, since there are no other persons on the eligible list to take Freeman's place.

On recommendations of the police chief, the Council approved an ordinance which would limit parking to one hour on cross streets on both sides of Solano Ave. for 100 feet from San Pablo Ave. to the Berkeley line.

Dead on Your Feet?

IF YOU SUFFER FROM
Fatigue
Nervousness
Poor appetite
Digestive upsets
Insomnia
Constipation

See your doctor. The basic cause of your trouble may be iron-and-vitamin starvation over a prolonged period. BEXEL, the Special high-potency Formula supplies supplementary quantities of iron for rich red blood to start new strength and energy pouring through your entire body.

Each wonder-working BEXEL capsule gives you more than 5 times the daily minimum requirements of blood-building iron; more than the daily minimum requirements of all the essential B-vitamins plus amazing Vitamin B₁₂ plus trace minerals.

Join the thousands of grateful men and women of all ages who thank BEXEL Special Formula for giving them a glorious outlook on life. Get BEXEL today - now available at all drug stores.

These symptoms, in themselves, do not necessarily prove a dietary deficiency as they may have other causes or be due to functional disorders.

This Is a True Case History

I SAVED \$116.86 ON THE CAR I BOUGHT
 "I made over a 50% down payment on a late-model car. I was told it would cost me \$257.60 to insure the car and finance the balance of \$700.00. Lucky for me I'd talked to a State Farm agent first, because I used the Bank Plan instead and paid an insurance and financing charge of only \$140.74. I saved \$116.86." (One of many actual cases.)
Many People Assume Finance Rates Are Standard THEY ARE NOT!
 The Bank Plan offers you two proven money-saving methods. Low-cost financing through a nearby bank and low-cost preferred-risk insurance rates. Get your own figures on the cost of the car you want and **COMPARE** them with Bank Plan costs **FIRST!** Call or see your State Farm agent **BEFORE** you buy.

How to make
good telephone service
even better...

You'll spread the news faster if you call by number When you're making out-of-town calls you'll find that your calls go through faster—twice as fast—if you give the operator the telephone number you want rather than just the name and address. That way, you see, you won't have to wait while she calls "Information" to get the number you're calling. So why not keep a list of out-of-town numbers handy—it's surprising how much time you'll save.

now you can take calls
anywhere in the house
... with handy extension telephones.

No more missing important calls, simply because you were in a distant part of the house and couldn't get to the phone in time. You can enjoy extension telephones now—for just a few pennies a day.

By JIM BLANCHARD

While color TV is still a few years from your living room, with substantial problems of cost and production still to be ironed out when one system finally is adopted, the actual transmission of color TV is already practicable. The coronation of Queen Elizabeth will be telecast in color in Great Britain this summer, using the new Lawrence color video tube developed here in America. The color telecast will be received in hospitals and other public places on specials sets.

Speaking of new TV developments, there's a report that four engineers in the Hollywood branch of one of the major networks have been working on a device that will create the third-dimensional illusion on television via an inexpensive adapter. A few days ago they called in the network's big brass and showed them the results of their efforts... and the big-wigs are very excited over the secret process.

Funniest of recent TV incidents occurred when the announcer on a program sponsored by a beer company offered a guest a glass of the lager and the guest replied: "Have you got a glass of malted milk instead?" Another news item... we hear that Dagmar, who hasn't been seen much on TV this year, may become emcee of a giveaway program. Our service specialists don't guess at the answers to your TV service problems, for they have the modern testing equipment and the experience to know what's wrong and to fix it, at SKIP'S RADIO & TELEVISION SERVICE, 1553 Ave. Phone LANDscape 5-4313.

More Fords...the car of the year!

FORD STEALS THE SHOW
5th year in a row!

There's a familiar scene taking place on the American Road. It's the annual crop of new Fords falling in line with the other cars on the highway. And this year there seem to be more new Fords in the parade than ever before. Could it be because this new Ford's 41 "Worth More" features make it worth more not only when you buy it but when you sell it? Could be. But you be the judge.

NEW SMOOTHER RIDE

Ford's new rubber compression bumpers help reduce front-end road shock up to 80%. The wide front tread and diagonally mounted rear shock absorbers help keep you on the level... even on curves. Ford's new spring and shock absorber action gives you an unbelievably smooth ride.

MOST GO IN ITS FIELD

Ford's choice of 2 engines is the envy of its field! No other maker has been able to sell a truly fine V-8 for so little money! No other maker has built a more modern Six. And both Ford's Six and V-8 deliver their high-compression GO at a saving, thanks to Ford's Automatic Power Pilot!

The swing is to
